St Paul's Catholic College
2023

St Paul's Catholic College is committed to providing an environment that is suitable and sufficient for all educational purposes which values and includes all students, staff, parents and visitors regardless of Special Educational Needs or Disabilities.

St Paul's Catholic College is committed to challenging negative attitudes about disability, discrimination and accessibility to ensure we develop a culture of awareness, tolerance and inclusion.

St Paul's Catholic College is committed to improving the physical environment of the school, the curriculum within the school and the access of information to all stakeholders with disabilities.

Attached is the action plan relating to the key aspects of accessibility as outlined in the Equality Act 2010.

This plan operates alongside the schools SEND Policy and is consistent with it in terms of principles and resourcing.

The plan will be adjusted and reviewed annually.

The School acknowledges a role in raising awareness and training staff and governors in all matters related to disability discrimination and the need to inform attitudes on this matter.

The School website will make reference to this Accessibility Plan.

The Plan will be monitored by the Governing Body or relevant committees to the school.

Objective	Progress	Aims	By Whom	By When
<p>To improve the extent by which disabled pupils can participate in the school's curriculum.</p>	<p>Disabled students follow the same curriculum as other students who are not disabled.</p> <p>Disabled students are invited to attend all school trips and supported in doing so if needed.</p> <p>Planning takes place in advance to enable students to participate in trips and extracurricular activities.</p> <p>Communication and relationships with parents in this regard is strong.</p> <p>Disabled students requiring additional resources or staffing for specific lessons such as practical subjects are supported and timetabled to ensure their needs are met.</p> <p>Students who take part in choir, for example, have their additional interventions moved to support this.</p> <p>Staff routinely give additional time to ensure lessons are fully accessible.</p> <p>Specific staff have been trained to do low level physiotherapy interventions and wheelchair handling for specific children in specific circumstances.</p>	<p>To audit the school for students who are registered disabled or consider themselves disabled and ensure this model is working.</p> <p>Including parents/guardians or carers.</p> <p>To ensure all staff are aware of disabled students and make reasonable adjustments and plan for their needs within school trips or extra-curricular activities.</p> <p>To revise the transition forms to ensure that registered disabled children or those considered disabled are identified immediately at transition.</p> <p>Brief all staff and ensure they have adequate training on meeting the needs of disabled students on trips and extra-curricular activities.</p> <p>Monitor the uptake and expand if possible the extracurricular activities available to disabled students.</p> <p>Training to be offered to staff on disability discrimination and creating an inclusive curriculum. Ensure students with a disability are trained to use the IT resources available and specific to their needs.</p>	<p>SENDSCO Designated SENDSCO Business Manager</p>	<p>September 2022 - ongoing</p>

	<p>Students who are disabled have achievement celebrated on all levels.</p> <p>PC's are user friendly for disabled students.</p> <p>Resources are user friendly and Student Passports are used by staff</p>			
<p>To improve the physical environment of the school for the purpose of increasing the extent to which disabled students are able to take advantage of the educations, benefits, facilities and services offered by the School</p>	<p>Children are given additional time to transition around the buildings.</p> <p>School now benefits from high contrast edging on stairs for student and staff movement through the school.</p> <p>Disabled toileting facilities are in place and available on both sides of the school</p> <p>Departments where students are unable to access stairs such as Maths, Computer Science, RE, English and homework club least one classroom for each subject which are located on the ground floor.</p> <p>Staff and Students who are disabled have access to disabled parking bays and flexible access to the school buildings and gates.</p> <p>Adapt physical environment where practical and financially viable to reflect</p>	<p>To investigate the barriers to a lift being installed across both the main school and college site. To investigate automated doors as an option to doors that need to be opened manually</p> <p>To ensure that the buildings are maintained and in keeping with the Equality Act, stairways well lit, doors are easy to open, handrails are available, contrast flooring is available.</p> <p>Ensure disabled parking arrangements are in place for all staff and students with a disability and that the school is flexible about the use of these facilities.</p> <p>Disabled permits to be made to display if parking in marked bays – if usage requires. To investigate safety in canteen queues to ensure stability and safety of disabled students.</p>	<p>Premises team</p> <p>SLT with responsibility for accessibility</p> <p>SEND team should students need to be escorted through the building</p>	<p>September 2022 - ongoing</p>

	<p>the needs of disabled children without disadvantaging others.</p>	<p>To investigate the possible safe spaces on the ground floor of the building.</p>		
<p>To improve the delivery to disabled students of information which is readily accessible to students who are not disabled.</p>	<p>Students work is routinely put in larger fonts when required.</p> <p>All school information is displayed electronically so parents and students can access at home using compatible software or enlarging screens.</p> <p>Parents are offered ground floor meeting rooms close to the reception area when meeting to communicate needs of students.</p> <p>Tutors and TA's are used to ensure that students are communicated with frequently and all information is effectively put across.</p>	<p>All letters sent home should be in easy to read fonts and monitored to ensure readability. All communications sent via email so it can be adapted as necessary from home</p> <p>Larger prints of letters and information should be made available to students regarding trips/ exam timetables etc.. If this is their normal working practice.</p> <p>Training to be offered to staff on disability discrimination and creating and inclusive curriculum.</p> <p>Investigate what other electronic devices the school can invest in to provide enhanced access to resources, e.g. kindles for reading</p>	<p>SENDCO Admissions Officer Heads of years SLT</p>	<p>Sep 2022 – ongoing review</p>
