

KS4 Long Term Plan 2020-2021

Subject: Art

Exam Board: AQA

Curriculum Statement of Intent Art

The Art department aims to enlighten inquisitive minds through the exploration of art. We aim to raise students' expectations and increase self-confidence and independence in their learning through active and purposeful tasks. Our pupils make progress at a pace that provides support and challenge with personalised targets and guidance. We aim to develop pupils with skills that can be applied to issues, problems, and practical activities. Skills developed within Art can be applied in other areas of life, work and encourage a lifelong interest in culture and human endeavour.

In the Art department, we continually aim to provide a broad and balanced curriculum in all aspects of Art, taking into account interests and needs of individual groups and cohorts. Our schemes of work are reviewed and revised regularly to enrich the education of our pupils and ensure relevance and interest from all groups. We support pupils' spiritual, moral, social and cultural development by exploring the work of artists and musicians from different cultures, countries and time periods, ranging from the inception of ideas and concepts to modern, contemporary work made today's leading practitioners. They should also know how art both reflects and shapes our history, and contributes to the culture, creativity and wealth of our nation.

Curriculum Statement of Implementation Art

The curriculum in Art is planned and delivered by specialist teachers of Art at all Key stages.

KS3 projects are designed to develop the key skills needed by all pupils. These skills are taught/delivered through projects designed to distribute information, discuss possibilities and encourage creativity whilst practicing and refining key skills/concepts. Our curriculum covers the national curriculum programme of study and the KS4 & KS5 curriculum follows the AQA specification. In year Students start to develop the skills they need to study Art at GCSE.

There are two art classrooms which are stocked with specific equipment for the delivery of that subject: Art-Desks, chairs, interactive white board, sketchbooks, a broad array of art and design making materials, 5 computers with digital editing software, cameras kiln etc.

KS3 lessons are taught in mixed ability classes and have 1 lesson (1 hour) per week. Each year group study one project per half term.

KS4 groups are taught in option groups and have 3 x 50 minute lessons per week.

KS5 groups are taught in option groups and have 6 x 50 minute lessons per week.

We have developed short term (detailed lesson plans) and long term plans for all key stages.
